

# RESIDENTIAL EQUIPMENT WARRANTY REGISTRATION

**Falsken Water Systems, Inc. (FWS)** provides a limited warranty for products it distributes and assembles. This limited warranty is extended to the original purchaser acquiring the product from an authorized FWS dealer or distributor. Warranty is for defects in materials or workmanship of the products. Water pressure for all water using appliances, including water treatment equipment, should be maintained below 75 PSI. The length of your warranty depends on the product you purchase. (See below)

## Limited Warranty for Water Softeners and Water Conditioners

Falsken Water Systems, Inc. warranties the softener and conditioner valve to be free from defects in material and workmanship for a period of five (5) years from the date of manufacture and the conditioner tank, softener tank and brine tank for a period of ten (10) years from the date of manufacture. Internals (riser tube, media, screen, etc.) are warranted for a period of one (1) year from the date of manufacture. Replacement products and parts are covered for the original warranty period or 30 days from the date of replacement, whichever is longer. Water softeners are built to comply with SB1006 CA efficiency standards of 4,000 grains per pound of salt.

## Limited Warranty for the Heater Treater

Falsken Water Systems, Inc. warranties products it assembles under the Heater Treater® brand name to be free from defects in material and workmanship for a period of one (1) year from the date of original purchase. The Heater Treater® units incorporate a disposable filter and water treatment material with a life expectancy. It is the responsibility of the purchaser to determine and replace the filter cartridge accordingly. Do not use on any microbiologically unsafe water or water of unknown quality. No warranty will be in effect until the system has been registered. Original purchase receipt must accompany any claims.

## Limited Warranty for Reverse Osmosis Systems

Falsken Water Systems, Inc. warranties reverse osmosis systems to be free from defects in material and workmanship for the following periods:

- **FAL-RO5-35E:** Two (2) years from the date of original purchase.
- **FAL-RO5-HE:** Two (2) years from the date of original purchase.
- **FAL-NS-IN-30-00:** One (1) year from the date of original purchase.

**Equipment must be used within the parameters of the operating conditions and maintenance requirements.**
