

# GET TO KNOW OUR PRODUCTS

WHOLE HOUSE WATER TREATMENT SOLUTIONS. BECAUSE WATER MATTERS.

Thank you for your recent Falsken Water Systems (FWS) equipment purchase. Below you will find a brief guide outlining your equipment, its purpose, maintenance requirements and warranty information. If additional questions remain, feel free to reach out to us at [info@fwswater.com](mailto:info@fwswater.com) or 714.990.4602 (8:00 a.m. – 5:00 p.m. PST, M-F).

**Note:** Newly installed or serviced water treatment equipment may produce cloudy or discolored water. This will typically clear within 24 hours. The same may result after periods of non-use (vacations).

## WATER SOFTENER (FAL-5810WS-XX)

FWS' water softener eliminates calcium and magnesium from the water, which prevents hard water deposits and corrosion buildup on fixtures. It also extends the life of all water-using appliances.

- Includes a secondary (brine) tank where salt/potassium is stored.
- Regenerates periodically once capacity has been reached (based on water usage). Depending on where the equipment is installed, the regeneration process can sometimes be heard and lasts about 1½ hours.
- Comes pre-programmed.
- NEMA approved for outside installation.

### REQUIRED MAINTENANCE:

- 1/4 bag of water softening salt or potassium/person/month. (Family of 4 will typically use one (1) 40 lb. bag/month)

### WARRANTY INFORMATION:

- 5-Year warranty on valve
- 10-Year warranty on tank

## WATER CONDITIONER (FAL-5810WC-XX)

FWS' water conditioner reduces chlorine, chloramines and heavy metals from the water, producing better-tasting water for drinking and cooking.

- Uses no salts or chemicals.
- Single tank.
- Regenerates periodically. Depending on where the equipment is installed, the regeneration process can sometimes be heard and lasts about 20 minutes.
- Comes pre-programmed.
- NEMA approved for outside installation.

### REQUIRED MAINTENANCE:

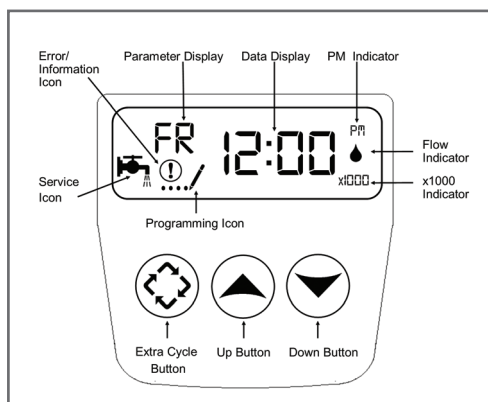

- NONE. Simply plug in and enjoy!

### WARRANTY INFORMATION:

- 5-Year warranty on valve
- 10-Year warranty on tank

### Water Softener and Water Conditioner Control Panel and Programming Key\*

*\*There is no need for additional programming as units come pre-programmed.*

	Error/ Information Icon	Appears when an error is detected or when information is given
	Extra Cycle Button	Used to do immediate regeneration or to schedule a regeneration
	Service Icon	Solid: Regular service mode Flashing: Regeneration scheduled
	Programming Icon	Appears when a setting is being changed
	UP/Down button	Used to set time of day
	Flow Indicator	Flashes when outlet flow is detected
	Parameter Display	Shows current function or cycle step
	Data Display	Alternates time of day and volume remaining/ days to regeneration

**THE HEATER TREATER®**  
**(FTHT-10-REVFO, FTHT-10-REVFO-G,**  
**FTHT-20-REVFO, FTHT-20-REVFO-G)**

The Heater Treater® is a specialized treatment system designed to protect your tank/tankless water heater from the effects of scale buildup.

- Unit will be installed prior to your tank/tankless water heater.
- Gauge and non-gauge models available.
- Residential units are 10 or 20 inches in length (blue sump) depending on your tank/tankless water heater capacity (gpm).
- Model number is checked off on label.

**REQUIRED MAINTENANCE:**

- Filter change every 12 months.

**WARRANTY INFORMATION:**

- 1 year

**REPLACEMENT FILTERS:**

- FTHT-10RF (10" models)
- FTHT-20RF (20" models)

**REVERSE OSMOSIS (RO)**  
**DRINKING WATER SYSTEMS**  
**(FAL-RO5-35-E, FAL-NS-IN-30-00,**  
**FAL-RO5-75HE)**

Reverse Osmosis (RO) produces the highest quality drinking water, using a scaled down version of the same process bottled water companies utilize.

- Compact in design.
- Units are typically installed under the sink, include a storage tank and use their own dedicated faucet.

**REQUIRED MAINTENANCE:**

- Units should be serviced yearly.

**WARRANTY INFORMATION:**

- FAL-RO5-35E: Two years from the date of original purchase.
- FAL-RO5-HE: Two years from the date of original purchase.
- FAL-NS-IN-30-00: One year from the date of original purchase.

**REPLACEMENT FILTERS:**

<b>Model:</b>	<b>Filter Pack:</b>	<b>Membrane:</b>
<b>FAL-RO5-35E</b>	FAL-RO5-35-FP	FAL-RO35-MB
<b>FAL-RO5-75HE</b>	FAL-RO5-75FP	FAL-RO5-75HEMB
<b>FAL-NS-IN-30-00</b>	FAL-NS-IN-30-FP	FAL-NS-IN-30-MB

**Note:** Newly installed or serviced water treatment equipment may produce cloudy or discolored water. This will typically clear within 24 hours. The same may result after periods of non-use (vacations).
